Our Dynamic Leadership

It gives me great pleasure to know and promote that under the able guidance of Dr. S. R. Mediratta, Director General, Dr. Sanjeev Kaur, Director, Dr. T. P. Singh, Principal, and Dr. Mitul Parikh, Principal (YPS), Yamuna Group of Institutions is becoming a preferred choice for students to take admission in various programs namely BBA, B. Tech., MBA, B.A. and Diploma in Engineering. The entire campus spreads over 35 acres is strategically located on NH-73 near Yamuna Nagar, Haryana. The buildings are ultra-modern and have facilities for high-quality education and research. The facilities are taken care of by the students, faculty, and parents visiting the campus.

Ch. Rajinder Kumar
(Chairman) YGI

In the era of fierce competition, quality of products and services play a most important role for any organization to survive and grow. Education is no exception to this situation. Thus, we at Yamuna Group of Institutions have a vision “to make the institute a center of excellence for technology management and healthcare in order to produce professionals imbued with a spirit of creativity, innovation and research leading to national development.”

Dr. S. R. Mediratta
(Director-General) YGI

YGI is internationally reckoned fully-integrated institute of higher learning, we conduct a wide range of diversified activities including research, training, consulting and intellectual infrastructure development. YGI is on a high growth trajectory today. Yamuna Group of Institutions has been providing not only the best infrastructure but also the much-needed guidance which will help the students to be winners in today’s competitive world.

Dr. Sanjeev Kaur
(Director) YGI

Yamuna Institute of Dental Sciences & Research (YIDSR), set up by Dr. Lekh Ray Educational & Charitable Trust as a part of the prestigious Yamuna Group of Institutions has world-class infrastructure and faculty essential for dental education. The focus of YIDSR is promoting quality education, ethical mind and selfless service.

Dr. T. P. Singh
(Principal) YIDSR

With the globalization of technology and liberalization of economies, the country is facing a great challenge. In YIDSR, our focus is to produce quality engineers and managers who can provide competitive products and services to the society.

To keep up with changing industrial environment, our aim is to produce diploma holders with high level of skills. The management of this institution is very liberal in providing state-of-the-art infrastructure and most modern equipment and facilities.

Dr. Mitul Parikh
(Principal) YPS

Our Faculty Backbone of YAMUNA GROUP OF INSTITUTIONS

The success of any institution depends upon the quality & expertise of faculty. YGI selects its teaching staff based on their qualifications, achievements and enthusiasm. All our teachers are qualified in their areas of expertise. Many of them are nationally or even internationally recognized leaders in their fields.
